Description

The 2011 BENETEAU SWIFT TRAWLER 44 is a seaworthy and elegant trawler, very well maintained and professionally maintained since new, with all invoices available.

Powered by two 300 hp Volvo D4s, this Swift Trawler remains powerful, comfortable, and safe for cruising. Fully equipped, it features new electric controls (2023), bow and stern thrusters, electric trim tabs, recent batteries, a generator, inverters, as well as a hydraulic gangway and a crane on the flybridge for launching a tender. Its layout is designed for comfort: a rigid hardtop on the flybridge, aft teak platform, a winch on the flybridge, a grill, a refrigerator in the galley and on the flybridge, not to mention its electronic equipment: GPS, autopilot, depth sounder, speedometer, and VHF radio.

This model, ideal for both offshore and coastal cruising, combines reliability and comfort.

The faucets and door handles will need to be replaced, as the stainless steel is pitted.

A robust trawler ready to sail, combining the seaworthy spirit of Beneteau with the amenities of a comfortable yacht.
