Volvo D2-55	540	1 X 55 CV	

### Description

**DUFOUR 425 GRAND LARGE** from 2009, first owner and always professionally maintained with invoices. This sailboat is equipped for independent sailing with a certain level of comfort: Volvo D2-55 engine, retractable propeller, bow thruster, motorized starboard winch, and electric windlass.

Onboard autonomy is a real strength thanks to its generator, three recent service batteries, two Solara solar panels, and a D400 ATMB wind generator mounted on an MPI stainless steel arch. Charging is managed by a Sterling Power electronic system, allowing optimal operation depending on the power source, ideal for extended periods at anchor.

The navigation electronics are comprehensive: Raymarine radar, Raymarine E80 large-screen inboard GPS, Garmin external GPS, autopilot, Furuno NX300 Navtex, and both inboard and outboard VHF radios.

Its interior layout features three cabins and a saloon that converts into a double bed, accommodating up to eight people. Onboard, you'll also find two bathrooms, a spacious saloon, and a fully equipped galley.

The exterior is meticulously maintained with a teak cockpit and benches, twelve recently installed fenders, protective buoys, a metal gangway, and a recently installed Plastimo liferaft. A 3D Tender dinghy with a 3.5 hp outboard motor is included.

A complete Dufour 425 GL, ready to sail immediately, with a very high level of equipment.

A berth is available.
