Description

BAVARIA 33 SPORT OPEN, from 2008, a second-hand boat that has always been professionally maintained. Every year it is stored and winterized in a protective cover at a shipyard, which has greatly contributed to its excellent overall condition.

It is powered by two 320 hp Volvo Penta gasoline engines with only 360 hours on them. The manifolds were replaced in 2025, and all mechanical components are meticulously maintained. Electric trim, bow thruster, and electric windlass facilitate all maneuvers, both in port and underway.

The helm station offers clear instrument readings, with a color Garmin GPS/fishfinder and a complete dashboard.

The cockpit provides a comfortable and functional space: adjustable helm seat, upholstery in excellent condition, dining area, refrigerator, sink, and outdoor gas cooktop. A hot/cold deck shower and a large storage locker under the sunpad complete the equipment.

The interior offers considerable comfort for extended stays on board, thanks to reversible air conditioning, a TV, a modern Bluetooth radio, and a comfortable dining area. The galley is equipped with a gas hob, refrigerator, microwave, and ample storage. The head has an electric toilet and a separate shower. There are two cabins: an owner's cabin with storage and wardrobes, and a guest cabin that can be configured as a double bed or two single beds.

A 6-person tender with a 2.5 hp Suzuki gasoline engine is included.

This Bavaria 33 Sport is a well-maintained, reliable boat, ready to sail. Its clear history, low hours, and excellent condition make it a particularly attractive option in this segment.
