Beneteau Antares 30 Fly

117 000 € VAT INCLUDED

Description

BENETEAU ANTARES 30 FLY, from 2011, third owner, powered by a Volvo D6 370 with only 450 hours of operation, demonstrating moderate use and well-maintained mechanics.

For maneuvering, the boat is equipped with a bow thruster and a stern thruster, the latter having been replaced in 2023.

The last maintenance was carried out in May 2025, ensuring rigorous and up-to-date upkeep. The electronics have been upgraded with the addition of a Raymarine GPS and a fixed VHF radio installed in 2022. Two batteries were also recently replaced, increasing the onboard electrical autonomy.

Also noteworthy is the addition of two electric reel sockets, ideal for fishing trips.

The Antares 30 Fly embodies the Beneteau tradition: well-designed volume, comfortable living space, and versatility at sea. A well-maintained, functional, and ready-to-sail boat, equally suited to cruising and recreational boating.

This vessel represents an excellent opportunity for those seeking a reliable and comfortable boat.
